PRESIDENT'S LETTER

Dear Members, Exhibitors and Friends

It was amazing to be able to finally open our doors again last year after a 2-year hiatus which saw a number of new exhibitors as well as "some weel kent faces" attend. We hope that the 111th Annual Flower & Craft Show, being held on Saturday 19th August 2023 will see this encouraging trend continue.

Covid has allowed us, as a community, to spend more time in our gardens. The Cupar Flower Show would like to keep this level of engagement going. We are looking to offer a new gardening class in 2024, whereby family and friends of people who have a lovely garden, or enjoy creating beautiful hanging baskets, can nominate their gardens to be recognised by the Society, as we have noticed that people are VERY modest and are unlikely to put themselves forward, or they just don't know about the Society/Show!

More details will follow but if you have any ideas on how we can take this forward and make it a success, then we'd be delighted to hear from you.

The 2023 Show is on 19th August, and we hope to fill the Corn Exchange with beautiful sights and smells of the cut flowers, vegetables and baking. We also have categories for pot plants, wine, crafts and photography, and not forgetting the younger generation; there are classes to suit all age groups.

If you are new to growing or have never entered a flower show before, don't worry...we are here to help you every step of the way. We have a NOVICE Section specially geared for you; but you are more than welcome to enter any of the open classes should you wish! Our friendly, local show is for amateurs, so give it a go and don't be afraid to ask any questions.

The 10th Fife (1st Cupar) Scouts association is being supported by the Cupar Flower Show as Charity of the Year. Run completely by volunteers, this group provides social responsibility through fun and adventure for 6- to 25-year-olds. Please help us provide this great organisation with a little more funding to support the younger members of our community. If you are a local charity and wish us to consider supporting your cause in a future year, please do get in touch with us.

Details of the Show and other events can be found on our website. Please visit: www.cuparflowershow.co.uk

On behalf of the Cupar & District Horticultural Society, thanks go to all advertisers, traders and sponsors who have given generous donations supporting the show in times of economic downturn - these funds help to cover the cost of running the show and create the prize fund. To new supporters, we hope you will continue your support for years to come and find this Show an effective way to promote your business. Most importantly, we would like to thank YOU for supporting one of Cupar's longest running events and wish you a very safe and healthy 2023.

Les Wheelans

Cupar Scout Group

The Scout Association offers fun and everyday adventure to 500,000 young people between the ages of 6 and 25 across the United Kingdom.

The main goal is to help young people achieve their full physical, intellectual, social, and spiritual potential as individuals, as responsible citizens and as members of their local, national and international communities.

The 10th Fife 1st Cupar Scouts currently hold six groups supporting local young people, which are run and supported by over 40 enthusiastic adult volunteers.

Cupar Scout Group is delighted to have been chosen as the Cupar Flower Show charity of the year 2023!

We Need Your Help!

As with every Scout Group in the UK, we couldn't do it without our volunteers. Nobody is paid for their work, they do it because they love it.

The only prerequisite to volunteer with us – apart from enthusiasm, of course – is that you are over 18. We know our volunteers lead busy lives, so we are all about flexibility: whatever your skills and the time you have available, we can find a great role for you. The first step to becoming a Scouting volunteer is to contact the group for more information. The Cupar Group Scout Leader will help you select a role that suits you – and your availability.

FAMILY TIME RIBBON

Sponsored by Toby's Magical Journey

In 2018 Toby's Magical Journey was the first local charity that was supported by the Cupar Flower Show.

This year the Charity is supporting a 'family class' to highlight the importance of family and friends when a young person is dealing with the effects of cancer. Isolation happens to every child when they go through a period of being in hospital. They are split from family members and friends. This can be for days, weeks or months. The child misses out on so much contact, love, laughter, and fun.

Class 239

As a family, we would like you to create a collage in the shape of the Toby's Magical Journey logo as shown. This collage should reflect the importance of your family time.

There are 4 elements to this class.

Item	Description
A	Create a lilac coloured 'time' ribbon, using the shape as shown in the Toby's Magical Journey logo above, as the base of your collage. This base can be made of any craft or materials
B	Create a vase of flowers, using any materials, and placed on your ribbon collage
C	Create some family handprints and include these on your ribbon collage. These can be made from any material.
D	Represent your favourite family smoothie recipe on the ribbon collage, using any material. Smoothie sample is not required.

1st Prize – A family day pass to a local attraction with a £20 voucher

2nd Prize – A family day out voucher

3rd Prize – A family day out voucher

SCHOOL'S GARDENING COMPETITIONS

The Cupar Flower Show aims to encourage the younger generation to become more involved with horticulture and the environment. It is important to promote the known therapeutic benefits of gardening on mental health and well-being.

The **Schools Gardening Competition** can take the form of a flower garden, vegetable/fruit garden or a combination of both, and for those who have limited access to space, then we have created a **Pallet Garden Competition**. The competition is open to all educational establishments and youth eco-groups within a reasonable travel distance of Cupar.

Gardens will be judged by a professional horticulturist on quality, tidiness and the theming of the garden along with the use of recycled materials and eco-friendliness. They will not necessarily be judged on readiness of the produce, given that some items may not be fit for table or display until later in the year. A representative from the school/group will be required to explain the garden to the judge, including thoughts on what is being grown and why. Judging will take place week commencing 19th June 2023.

Nominated students from the Horticultural Department at the SRUC Elmwood Campus have offered their services to any group participating in the initiative. Assistance offered could be in the form of general gardening advice or by a pre-arranged visit to the Horticultural Department at Elmwood. Donations of plants are also available if notice is given after initial contact, with final plant numbers to be requested by March 17th 2023. In return, the students will be credited with assisting the local community in helping create a sustainable environment.

Exhibitors Notes

1. One entry per class/year group involved in the garden project; not restricted to one per school.
2. Eco-groups are only allowed to submit one entry.
3. Closing date for entries: Monday 12th June 2023.
4. Judging will take place the week commencing 19th June 2023; schools will be notified of judging date.
